<u>DigiComp Update – November 2016</u>

DigiComp team members are still in discussions concerning prospective software venders.

Please help name your new Workers Compensation Division's software. From Nov. 7 through Nov. 18 staff will have the opportunity to propose a name for the software. Acronyms are often fun but the sky is the limit on your creativity. Please visit https://www.surveymonkey.com/r/WC_Naming to enter your suggested name and an explanation on why that name should be selected. The steering committee will review each nomination and narrow the selections to the top five names. Survey Monkey will be open from Dec. 5 through Dec. 31 for staff to cast a vote for the winning name. The winning name will be announced at the first of the New Year. Winner will be included in the *Employee of the Month Award* nominees for January.

The DigiComp Communications Team will continue to provide monthly updates of the status of the project and details regarding the new system. We welcome any questions or input, which can be sent to digicomp@dol.ks.gov.
